

POE (UA)

SKU	PICTURE	NAME	Weight (g)
UA001	A black rectangular device with a DC power input on the left and two silver RJ45 ports on the right. Labels include 'Gigabit PoE', 'DC', 'PoE', and 'LAN'.	Gigabit PoE Combiner (Silver Network Port)	参考明 朗的出 货：500 个 /11.43K G/箱， 外箱尺 寸是 37.5*26 7*37.5
UA002	A black rectangular device with a DC power input on the left and two yellow RJ45 ports on the right. Labels include 'Gigabit PoE', 'DC', 'PoE', and 'LAN'.	Gigabit PoE Combiner (Yellow Network Port)	参考明 朗的出 货：500 个 /11.43K G/箱， 外箱尺 寸是 37.5*26 7*37.5
UA003	A black rectangular device with a DC power input on the left and two silver RJ45 ports on the right. Labels include 'DC', 'PoE', and 'LAN'.	100M PoE Combiner (Silver Network Port)	产品单 个包装 尺寸： 90*50*7 0mm
UA004	A black rectangular device with a DC power input on the left and a single RJ45 port on the right. Labels include 'LAN', 'Gigabit Passive PoE', 'Power Over Ethernet', 'DC', and 'POE'.	Black Gigabit PoE Combiner 5-48V/2A (Type A)	20
UA005	A black rectangular device with a DC power input on the left and two RJ45 ports on the right. Labels include 'Gigabit Passive PoE', 'Power Active', 'DC', 'PoE', and 'LAN'.	Black Gigabit PoE Combiner 12-48V/2A (Type B)	30

UA006	<p>A white rectangular device with a DC power input on the left, a PoE output port in the middle, and a LAN output port on the right. It features a green LED indicator and a 'Power Active' label with a diagram showing power flow from DC to PoE to LAN.</p>	<p>White Gigabit PoE Combiner 12-48V/2A (Type B)</p>	30
UA007	<p>Two black rectangular devices with a PoE output port on the left and a LAN output port on the right. They have a green LED indicator and a 'Power Active' label with a diagram showing power flow from DC to PoE to LAN.</p>	<p>Black Gigabit PoE Combiner 5-48V/2A (Type C)</p>	20
UA008	<p>A black rectangular device with a PoE output port on the left and a DC power input on the right. It has a green LED indicator and a 'Power Over Ethernet' label.</p>	<p>Black 100M PoE Combiner 5-48V/2A (Type A)</p>	24
UA009	<p>A white rectangular device with a PoE output port on the left and a DC power input on the right. It has a green LED indicator and a 'Power Over Ethernet' label.</p>	<p>White 100M PoE Combiner 5-48V/2A (Type A)</p>	24
UA010	<p>A black rectangular device with a DC power input on the left, a PoE output port in the middle, and a LAN output port on the right. It features a green LED indicator and a 'Power Active' label with a diagram showing power flow from DC to PoE to LAN.</p>	<p>Black 100M PoE Combiner 5-48V/2A (Type B)</p>	30
